

Mobilizing Your Workforce

With the **OESuite™ Mobility platform**, it's easy to customize your own screens and workflows within our flexible framework to:

- Create email notifications and custom checklists
- Define mandatory or optional fields, text, and drop down field types
- Enable field value descriptions
- Add, remove, or re-sequence data fields and create workflows
- Supports bar coding / RFID
- Create your own security hierarchy
- Take pictures, annotate drawings
- Leverage GPS
- Enables data logging

We connect your workforce to asset, compliance, engineering, operations, automation, supply chain, and EH&S information where and when its needed. Applications include:

- Operator rounds
- Work management
- Inspection management
- Task / action item management
- Work instructions
- Condition assessment
- Work permitting
- Pre-Startup Safety Review (PSSR)
- Management of Change (MOC)
- Incident management
- Audit management
- Waste management
- Training
- Redlining

OESuite™ digital forms work across various devices
